

Monday 8 June 2020.

Kia Ora Whānau

We hope you and your family have enjoyed a return to some form of normality with your children back at school. We have enjoyed having a school filled with the learning, fun and energy that the students bring to our school day.

Thank you for your continued support throughout Alert Level 2. We are all excited to hear today that New Zealand will drop to Alert Level 1 at midnight tonight.

This signals much of our school life being able to resume to school life prior to the Alert Levels. Parents are now allowed on site, however you are encouraged to maintain your own tracking,

#### **Contact Tracing at Rototuna Primary School**

To assist you to keep your own electronic diary, our school will display NZ Covid Tracer QR codes for quick easy and touch- free check in to record your visit.

Please be aware school drinking fountains will now be operational, however water bottles will still be encouraged. Our student leadership roles will resume next week so you can expect leaders within their roles again.

Our first whole school celebration assembly for this term will take place at the end of week 10, Friday 19 June at 9.15am in the school hall.

Afternoon Reflection Time is currently on pause until we have completed the results of our parent, staff and student survey. Thank you for your understanding.

We thank you for your ongoing support throughout these challenging times. Take care.

Nga mihi  
James, Kylie, Stacey and Tina
